

Billy Gooch, PGA

General Manager - Eagle Ridge GC

“As a PGA Professional, I’d like to say that I have personally benefited from the LifeWave Energy, Pain, and Rest Quiet Patch. With the energy patch, I feel more focused and have more energy during my round of golf. Also, the pain patch keeps my lower back pain subdued for 18 holes. And for anyone that has chronic lower back pain you know how important that can be. Finally, the rest quiet patch helps me get to sleep faster and rest comfortably through the night.”
