## POWERFUL TECHNOLOGY

Science has proven that the human body is actually designed to exist in excellent health, and we have built within us every mechanism necessary to support that state. The keys to achieving these higher levels of health are found in discovering how to activate the remarkable healing powers already resident within all of us.

Symptoms are simply the body's way of communicating its state to the conscious mind. Homeopathics are designed to activate the powers within each and every one of us to heal our bodies.

LifeWave Plus products are formulated based on the principles of Homeopathy. Homeopathy works differently than biochemical remedies such as allopathic drugs. Instead, Homeopathic products work by activating the body's bio-energetic system. An example of our body's bio-energetic system would be our nervous system.

Because LifeWave Plus Homeopathic Medicines tap into your body's powerful communication network (nervous system), our products can go to work within seconds of use! So don't be surprised if you start to feel the effects of our products the first time you use them, although individual results will vary.

## WHAT IS HOMEOPATHY?

Homeopathy is a scientific system of healthcare that activates the body's own healing processes in order to treat disease naturally, gently, and promptly.

Homeopathy is a natural pharmaceutical science that uses very small or infinitesimal doses of substances from the plant, mineral or animal kingdoms to activate the body's nervous system to initiate the healing response.

Homeopathy does not treat disease. Homeopathy activates the body's own healing processes. The range of problems in which homeopathy can be effectively used is extensive and includes first aid, acute illnesses and all manner of chronic conditions.

## WHY USE HOMEOPATHY?

According to the United States Federal Food, Drug, and Cosmetic Act (Section 201 (g)(1)), a Homeopathic medicine is defined as an article that is recognized in the official Homeopathic Pharmacopeia of the United States (HPUS), and is intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in man or other animals.

The HPUS is the official compendium of homeopathic medicines recognized by the FDA. The HPUS is produced from the standpoint of safety, efficacy and standardization of therapeutic ingredients. This compendium provides a clear set of standards for manufacturers of Homeopathic medicines which have not fostered any notable controversy with the United States FDA.

All LifeWave Plus Homeopathic Medicines are manufactured in accordance with the HPUS, so you can be assured that you are using products that are safe and effective.
