

LIFEWAVE COMPENSATION PLAN
RETAIL PROFITS

LifeWave's most valuable asset is the talented group of hard-working Distributors (that we also call Members) that share our products with the world. That's why we're committed to rewarding them with one of the highest commission payouts in all of network marketing.

Inspired by the ingenuity and power of our products, the LifeWave Compensation Plan provides an exceptional opportunity for both immediate and long-term income. Our approach combines the best elements of different types of network marketing plans and pays commission in five distinct ways.

You benefit from a feature we call Compound Marketing. Much like money that earns interest in a bank account, Compound Marketing continually stores and accrues your previous work. And unlike many companies that require you to build five or more teams, you're only required to build two teams' "legs" with this system.

Best of all, we give you points on all volume generated (Personal Volume [PV], or Business Volume [BV]) no matter how deep in the organization it comes from or who drives the sales. This unlimited depth potential is the essence of the LifeWave Compensation Plan.

RETAIL PROFITS

Immediate Income

We offer two different ways to earn income immediately through retail sales:

- You purchase products at wholesale prices and sell to Customers at retail prices
- Your Customers order products at retail prices directly from your replicated LifeWave site, and we automatically send you the retail profits (difference between lowest wholesale and retail) each week
